BALTOTYPE LINE

BALTIMORE TYPE

15-17 SOUTH FREDERICK STREET

BALTIMORE 2, MARYLAND

PLAZA 6277-6278

THE BALTOTYPE LINE

THE BALTOTYPE LINE consists of more than 125 different series of fine printers' type, together with a complete selection of quads, spaces, leads, slugs and metal furniture, also a wide assortment of piece borders, ornaments, strip rule and strip border.

In addition, we manufacture more than 170 of those useful little Handy Box Fonts that have endeared themselves to busy printers everywhere.

New type faces, new Handy Box Fonts and an ever increasing number of other items are being constantly added to the end that Baltotype may become more and more your "Dependable Source of Supply for All Composing Room Requirements".

OUR PRODUCT

The fact that leading printers and typographers in the United States and Canada have been using Baltotype in increasing volume for many years tells more than anything that could be said here regarding the quality of our product and the helpfulness of our service.

You may rest assured that Baltotype will meet the requirements of the finest job in your plant and gratify the demands of your most exacting customers.

OUR SERVICE

The development of a superior printers' type alone was not enough. A dependable, quick sorts supply was needed. Long ago we originated and perfected our now famous Sorts Service. This filled a long-felt want of the printer. It enables him to purchase just the necessary sorts to fill his depleted cases at economical per-pound rates. No longer is it necessary to buy a complete font when only a few characters are needed. A few check marks on our convenient Sorts Order Blank and—presto!—the needed characters are back in his shop.

Coincident with the growth of our Sorts Service we created the idea of packaging accents, fractions, ornaments, swash characters, and numerous other items in little utility fonts. Handy-Box Fonts we call them—and that's just what they are. You'll find many of them in your catalogue.

BE SURE IT'S BALTOTYPE

PRICE CHANGES

Substantial increases in the metal market have made it necessary for us to make further increases in the selling prices of our products.

Effective April 8th, 1947

The Following Changes Will Be Made

Type, Ornaments, Piece Borders, Initials, Handy Boxes, Easy-Rule Units, Leaders, Spaces and Quads, Display Type Service, Sorts, Metal Furniture in Fonts, 18-24-30-36 Point Solid Rule, Leads and Slugs in Labor Saving Fonts, Trade Marks, Special Designs and Matrices.

Additional 15% Increase

GENERAL INFORMATION

THE PRODUCT—Type of our manufacture is made from several tested and approved metal formulas. Those items listed in the catalogues from 6 to 12 point with a star (*) immediately preceding the point size are made from a special metal formula, which, while not as hard as standard foundry metal, has been giving satisfactory service over a long period. Items preceded with solid circle (•) are 6, 8, 10 and 12 point faces cast on foundry machines. These and all other type without star are made from the very best grade hard foundry metal and its wearing qualities will compare favorably with any type regardless of its source of manufacture. Strip Rule, Strip Border and 1 point leads are made from a hard mono-type formula. Strip Leads and Slugs, 2 point and larger, and Metal Furniture is made from linotype metal. (Refer to Page 27 for complete information on small foundry type). The metals used were selected after careful testing, and the fact that they have been giving satisfaction over a period in excess of twenty years is evidence of the endorsement of the Graphic Arts Industry.

PRICES—Selling prices of all items are shown with each specimen. While every effort is made to keep them uniform, due to fluctuations of the metal market all prices are subject to change without notice. Quantity prices beyond those listed will be gladly supplied upon request. All prices are F. O. B. point of shipment.

ORDERS—Orders for type should specify Series Number, point size, and whether cap, lower-case or complete fonts are wanted. Handy Boxes should be ordered by number, and sorts orders made out on our Special Order Form which will be sent on request.

SHIPMENTS—Shipments are made the day orders are received from large manufactured stocks, securely packed and promptly dispatched. It is important that complete shipping instructions accompany all orders. If you do not specify Freight, Truck, Express, Parcel Post, etc., we will ship by our usual way.

C. O. D.—Collect on Delivery shipments cannot be made to firms unknown to us unless sufficient cash accompanies the order to cover transportation charges both ways.

CREDIT—Open account accommodations are cheerfully extended to firms of recognized credit standing, satisfactory Dun and Bradstreet rating, and to those who can furnish satisfactory commercial and banking references.

TERMS—Selling prices in this catalogue are net and not subject to discount. The usual discount of 2% if bills are paid on or before the 15th of month following purchase is allowed. This 2% may be deducted on all orders accompanied by a cash remittance.

RETURN—Standard Packages may be returned for full credit at prevailing or purchase price, whichever is lower, provided they are in same condition as when shipped. Display Lines and Sorts, if filled according to instructions, will not be accepted for credit except as old metal. Emblems, Logotypes and designs produced to meet the demand for special events and conditions, such as War and Victory Emblems are not returnable for credit except as old metal.

MATCHING SORTS—We are always glad to check type you may have in your cases with our material for size, alignment and face. When requesting this service be sure to send one each of the characters wanted, and in addition a Cap H and lower case m from each font.

ALL PRICES IN THIS PRICE LIST ARE EFFECTIVE
NOV. 1st, 1948. THEY SUPERCEDE AND CANCEL
ALL PREVIOUS PRICE LISTS AND ARE SUBJECT TO
CHANGE WITHOUT NOTICE.

DISPLAY TYPE SERVICE

Need a heading or a display line to dress up that printed piece? Or a special composed line for that new letterhead? For the occasional line it's not necessary to buy a complete font . . . we'll set it for you for a few cents an inch. Use this modern service for

DISPLAY LINES · HEADINGS SIGNATURES

Hand-set composed lines of Display Composition set in any face in this catalogue can be furnished promptly at the following prices per running inch or fraction which includes metal. Based on composed lines without spacing or justification. Where Display Lines are ordered set, justified to measure, or letter-spaced to specified widths, the regular Hand Composition time rates will apply. Display Type Service is strictly made-to-order, and if filled in accordance with instructions, cannot be returned for credit except as old metal.

24 Point or smaller	17c
30, 36 and 48 Point	20c
60 and 72 Point	23c

Minimum Charge, \$1.00 for each size and face

SINGLE CHARACTER PRICES

Apply in all cases except where prices are listed with the specimen.

Trade In Your Old Metal **for NEW TYPE**

Hundreds of printers have put new type in their cases by exchanging old metal and obsolete, worn-out type under our special metal exchange allowance. A few hundred pounds of old metal exchanged at our liberal Trade-in Prices will place new, modern type faces in your plant.

You are urged to find out more about this service that has made such a hit with progressive printers everywhere.

Write For Current Metal Exchange Prices

WEIGHT FONTS

SINCE the prices of weight fonts are considerably lower than those of job fonts, you can economize by purchasing the larger quantities at per pound prices. Weight fonts are available in both cap and lower case.

Orders for weight fonts will be filled by shipping three (3) CAP and four (4) lower case job fonts of one size and face and will be billed at the weight font per pound prices shown in the catalogue and price list with each specimen. Any assortment of job fonts of one size and face may be ordered as a weight font provided they total 7 units.

The lighter weights below cover the "skinny," or condensed faces; while the heavier weights cover the "fat," or extended faces.

SCHEMES AND APPROXIMATE WEIGHTS OF WEIGHT FONTS BASED ON 3 CAP AND 4 LOWER CASE JOB FONTS

Point Size	Font Scheme	Approximate Weights
6 Point.....	120A — 320s	6 to 10 lbs.
8 Point.....	90A — 240s	9 to 15 lbs.
10 Point.....	78A — 212s	11 to 17 lbs.

BALTOTYPE

SORTS SERVICE

PROBABLY the greatest single asset for the efficient management of any composing room is an adequate supply of type and spacing material. It means more and better work from your compositors with consequent economies, and entirely eliminates "picking" live jobs, "turning" characters and the danger of jobs going to press without the "turned" characters being replaced.

■ Realizing this, we have developed a sorts supply which has proven to our customers to be one of the most valuable and important features of our service.

■ Promptness and flexibility are the keynotes.

■ Sorts orders are filled and shipped the same day your order reaches us . . . from a large manufactured stock . . . and not made up to order as received. Our large stock of type and materials, plus an easy method of ordering, makes this service available to printers everywhere with the same speed and satisfaction that we have been offering local printers for years.

■ Non-distribution is a proven economy on small sizes (12 point and under) as the cost of new type is actually less than the cost of distributing used type. Non-distribution on larger sizes also is used successfully by a number of our customers whose shop conditions make this advisable. Non-distribution, however, is only possible and profitable when an adequate and prompt sorts service is available. The fact that our sorts service is being used with entire satisfaction by some of the most efficient plants, large and small, in the East, South, and Mid-West, leads us to believe that you, too, will find our service to your entire satisfaction. We urge you to try it!

■ The pages following show our "Schedule of Font Schemes" together with examples of the most efficient and economical method of ordering that has been developed by us in cooperation and with the advice of a large number of printers.

■ May we urge that you read carefully the fourth page of this insert. It tells you how to get your sorts quickly and at the lowest possible cost.

Selling prices for sorts are shown
with each Series in this Price List

This chart shows the number of

TOTYPE FONT SCHEMES

[illegible]

This chart shows the number of each character contained in our standard job fonts. It also shows the number of characters you will receive when ordering sorts in all sizes from 14 to 72 point by means of our "Sorts Order." Orders for sorts in sizes 12 point and smaller are filled with a sufficient quantity of characters to comfortably fill your case. When punctuation marks are ordered, the quantity contained in Cap fonts are supplied.

Read the reverse side of "Sorts Order" for detailed information on the most economical and convenient way to order Sorts. Minimum charge \$1.00 for each size and face.

The number of ligatures (Π , Π , etc.) and special characters contained in each foot are approximately the same on the lower case q , x and z .

Here's How Easy it is to Order

SORTS

SORTS ORDER

Please ship sorts as follows to:

Name Metropolitan Press

Address 143 W. Tenth Street

City Detroit State Mich.

Series No. 102 Point Size 14

Use separate sheet for each Series No. and Point Size.

California Job Case Double Cap Case Triple Cap Case Italic Job Case

Please check kind of case in which type is set. In event of failure to specify, we will assume that a California Job Case is used.

Caps	Small Caps	Lower Case	Ligatures & Figures	Poins and Other Characters
A. <input checked="" type="checkbox"/>	a.	Period. <input checked="" type="checkbox"/>
B. <input checked="" type="checkbox"/>	b.	Comma.
C. <input checked="" type="checkbox"/>	c.	Hyphen.
D.	d.	Apophrophe.
E.	e.	Colon.
F.	f.	Semi-colon.
G.	g.	Question.
H.	h. <input checked="" type="checkbox"/>	Exclamation.
I. <input checked="" type="checkbox"/>	i.
J. <input checked="" type="checkbox"/>	j.

T.	t.
U.	u.
V.	v.
W.	w.
X.	x.
Y.	y.
Z.	z.
.....

See reverse side for method of ordering sorts.

This form is a reproduction of our "Sorts Order" in which we have illustrated the method for ordering sorts of 14 point Air-port Gothic, Series No. 102, Font Scheme 22A Cap, 42a Lower Case.

An order made out in this way would be filled in the following manner:

Cap A is single checked. A job font contains 22 A's..... We ship 22.
 Cap B is marked 4. A job font contains 9 B's..... We ship 36
 Cap C is single checked. A job font contains 18 C's..... We ship 18.
 Cap d is double checked. A job font contains 7 d's..... We ship 14.
 Lower case h is double checked. A job font contains 28 h's..... We ship 56.
 Period is single checked. A job font of caps contains 22 periods..... We ship 22.

NOTE: Where large quantities of sorts are wanted and there is not sufficient space on the order blank to make the desired number of "checks," indicate by figure instead. For example: If you need 36 cap B of 14 pt. No. 102, place the figure "4" opposite the character instead of ☒ ☒ ☒ ☒ (four check marks), a job font contains 9 B's, and we will ship 4 times the amount or 36. Please avoid character count, as this type of order will be charged on the "running inch" basis, consequently it is more expensive. Minimum charge 50¢ for each size and face.

Write **FOR A SUPPLY OF "SORTS ORDER" BLANKS AND TRY IT OUT. THEY WILL BE SENT PROMPTLY.**

INTRODUCING BALTOTYPE FOUNDRY FACES

At the request of a number of our customers and dealers who feel that identifying nicks are essential in small sizes, particularly card gothics and similar faces, and faces usually used by educational institutions, we installed foundry machines for this purpose.

The faces shown on the pages immediately following are foundry cast in all sizes from 6 point up. The card gothics and book faces have different nicks on each size and duplicate in every detail Foundry product. All are cast from the very best grade hard foundry metal and the prices are higher than our regular product in 6 to 12 point.

Every specimen listed in this catalogue, from cover to cover, in sizes from 14 point up are cast from the very best grade hard foundry metal. Some faces are cast on what are known as foundry machines and others on Thompson and Monotype Casters, but since there is no difference in the metal formula, or printing qualities, the prices are uniform.

Other foundry items will be added as conditions and demand justify.

Weight Fonts and Sorts for Foundry Cast Type

The same system as used in our regular line will apply to weight fonts and sorts. 3 Cap and 4 lower case job fonts will make a standard weight font. Any assortment of job fonts totaling 7 units to suit your requirements, will be furnished as a weight font.

Sorts orders will be filled in accordance with our established system of sorts supply. **Please use Sorts Order Blank.** Where definite weights are ordered, we will fill with nearest number of checks to quantity ordered. This assures a much better balanced proportion of sorts.

Figure Font orders in Foundry Faces will be filled as sorts, and figures 1 to 0 only will be supplied, unless other characters are definitely specified.

 Trade Marks and Special Designs vary so much in detail that it is
 impossible to issue a standard price list.

STRIP RULE *and* DECORATIVE BORDER

By the use of strip material time is saved in make-up, make-ready is lessened, impressions are even and clean. Pieced rule is becoming a thing of the past in today's efficient printing plants.

Baltotype Rule needs no introduction to the printers of America. It is made from a special hard metal formula tried and tested through years of experience. Uniformity and lasting qualities are built into every strip and have been proven through many long runs in press rooms everywhere.

Thrifty printers see to it that an assortment of strip rule—both utility and decorative—is always on hand.

HOW ABOUT YOUR SPACING MATERIAL?

It occurs only too frequently when a compositor reaches for 3 em spaces he finds the case empty. Two units lost "beefing" about those blankety-blank apprentices—an additional two units more wasted walking around alleys looking for a full case.

Plenty of spacing material in the cases means better contented craftsmen and fewer headaches for the "Boss" from figuring why job time exceeded his estimates.

Leaders are packed in 5 lb. assorted packages and can also be furnished in bulk in any desired quantity at 55c lb. on orders for not less than one pound of a character.

Leads and Slugs

LEADS and **S**LAGS of our manufacture are accurately made from new linotype metal, which enables the printer operating machine composition equipment and non-distribution to re-melt them freely with dumped forms without danger of injuring his metal alloy, and also assures greater value when sold as old metal.

They are made in 2, 3, 4, 6, 10, 12 and 24 point, and 12 point tie-up slugs, and carried in stock in 24-inch strips, or cut and trimmed to size.

No-Ride-Up Column Rule

The use of Baltotype NO-RIDE-UP RULE eliminates the objectionable work-up of column rules, where newspaper or other long column forms are printed direct from type.

No-Ride-Up Rule No. 10-B

Stocked in 24-inch Strips

This illustration shows the square side column rule which frequently rides up during press runs, causing the rule to print heavily and sometimes to cut through the paper.

Showing No-Ride-Up Column Rule No. 10-B in use. The tapered sides of the rules and linotype slugs grip firmly and prevent "ride-up"

50 lbs. to 100 lbs.....	per lb.
25 lbs. to 50 lbs.....	per lb.
5 lbs. to 25 lbs.....	per lb.

The drawings are slightly exaggerated to illustrate the point.

Corner Quads

The use of Corner Quads for bracing mitered borders insures better joining of the rules by preventing slipping past each other. Assures better lock-up on any form where strip-rule is used.

Baltotype Corner Quads

Metal Base and Slugs for Cut Mounting

Metal Furniture for use as cut-mounting base, .853 high, is carried in stock in 24-inch strips in 3, 4, 5, and 6 pica widths and can be cast to order in any desired length, over 12 picas, in lots of 50 lbs. or more of a size. Prices are the same as metal furniture—see page 34.

6 point slugs of the same height, .853, are carried in stock in 24-inch lengths at the regular price of slugs shown on page 31.

Quads and Spaces

A shortage of spacing material in the composing room causes much lost time and diverts the compositor's mind from the job he has in hand. Spacing material is inexpensive—a plentiful supply will go far toward plugging the leak and keeping your compositors in proper humor to deliver the best that is in them. Quads and spaces are sold in job fonts, 2½ and 5-lb. packages. Buy them the most economical way to suit the needs of your own particular composing room.

SORTS SERVICE

●

It is important to remember that you can secure "sorts" for any face in this catalogue. If your cases are running low, simply check one of the convenient Sorts-Order Blanks for the characters needed to replenish the case. Read the center spread insert which explains in detail this up-to-the-minute service. You can get *what you want*, in the *shortest possible time*, and at the *lowest possible price* by using our Sorts-Order Blank and our suggested method of ordering.
